ORDER

Because of the recent revision to the base offense levels for crack cocaine, Section 2D1.1 of the United States Sentencing Guidelines, this matter has been considered for re-calculation of sentence pursuant to 18 U.S.C. § 3582(c)(2).

The United States Probation Office reviewed and issued on February 8, 2008, to the Office of the Federal Public Defender and the United States Attorney's Office an assessment of a re-calculation of the Defendant's range of imprisonment and noted the total quantity of crack cocaine remains in the highest level established by the newly enacted guideline level, along with the Pre-Sentence Report. Both parties had until February 22, 2008, to submit any objections.

Having reviewed the Probation Office's re-calculation of the applicable Guideline range of imprisonment and the record in this matter, including the Pre-Sentence Report, the Court finds that the defendant is subject to no reduction.

THUS DONE and SIGNED on this 27th day of February, 2008, in Shreveport, Louisiana.

DONALD E. WALTER
UNITED STATES DISTRICT JUDGE
